SCRAP METAL DRIVE PROVES A SUCCESS

**Approximately One Ton of Scrap
Is Collected by Student Body
During Drive on Salvage Day.**

"The students of Glenville public schools responded unusually well to the Scrap Metal Drive which was conducted the second week of school," said Principal Earl R. Boggs. An average of three pounds per student was asked for and instead the drive netted a five pound average.

The janitor, Doil Fitzpatrick, estimated that one ton of scrap metal was collected. This was hauled away Saturday morning by a State Road truck. The metal was taken to the County Scrap Pile where it will be sold and the money will be used for the benefit of the Civilian Defense Organization.

There may be another drive in the near future, pending the decision of the Student Council.

REPRESENTATIVE OF MUSIC CO. TO BE HERE

**Dale Haven of Ginn and Co. To
Give Demonstrations in County
October 5 and 6.**

Mr. Dale Haven, representative from Ginn and Co. is tentatively scheduled to be here on October 5 and 6. Mr. Haven will give demonstrations of the music activities of primary grades, rural schools, intermediate grades, and grades 5 and 6 during his two-day visit to the Gilmer County schools. The time and place of these demonstrations has not yet been decided upon.

Gilmer County is organizing this school year a music program to reach all children from grades 1 to 8. The Gilmer schools are working together to reach the goal of the National Music Educators' Association: "Music for every child, every child for music."

SCHOOL TAKES CENSUS

The Glenville School Census, taken by the teachers the past week, was turned in to the principal's office today. It will be sent to the County Superintendent's office Thursday.

MANY STUDENTS ARE ABSENT AS ANOTHER SCHOOL YEAR BEGINS

"Ring out the old, ring in the new . . ."

As another year begins at Glenville High there are several who do not answer 'present' when the roll is called.

John Brown has accepted a position as delivery boy at Dunbar and is attending Dunbar High School this year. Dottie Bush is attending nearby Charleston High. Wanda Greenleaf Boggs has gone to join her husband who is in the U. S. Army. And then there are those who went to Weston High: Kathryn Wilfong and Evon Kirkpatrick. Waitman Sandy and Stanley Snyder are enrolling in Sand Fork High School. Susan King is going to Richwood High.

Some have even gone out of West Virginia. Eddie Porter is working in Baltimore; Bob Greenleaf is in Florida; Betty Horner is in New York State, and Dale Coberly is attending high school in Akron, Ohio.

Nine new students are enrolled here, including: Wayne Bailey, a sophomore from Cedarville; Carol Floyd, also a sophomore from Cedarville; and Mary Elizabeth Davis from Cox's Mills. There are three seniors from Cedarville—Elsie Burke, Walter Roe, and Jewel Rhoades. Rondall Gainer, another senior, is from Tanner. Two juniors are Alice Knicely from Troy and Charles E. Stout from Cedarville.

STUDENT COUNCIL IS OFFICIALLY INSTALLED

**Council Pledge Administered By
Principal Earl R. Boggs; Mem-
bers Pledge Their Support.**

The Student Council was officially installed during a special assembly, September 18. Principal Earl R. Boggs administered the Council pledge after which the student body pledged its support to the Council.

Stanley Hall, Council adviser, spoke briefly on the importance of this student governing body, especially at a time when democracy is fighting to live. He reminded the students that in only a few places in the world today would schools be permitted to have any part in governing themselves.

Ted Fultineer, president, gave a brief outline of the work of the Council for the year.

Other members of the Council include: Jack Hardman, junior; Jessabel McQuain, sophomore; Joan Graves, freshman; Charles Adams, eighth grade; Joe Nutter, seventh grade; Bobby Whiting, member-at-large.

STUDENT COUNCIL PLAYS IMPORTANT ROLE IN A DEMOCRATIC GOVERNMENT

The Student Council is important in the government of the school. Its object is to promote a better fellowship among the students and the faculty. In the dictatorial countries Student Councils do not exist in the schools as they do in America. Democracy begins in the schools and the Democracy-hating countries do not want a feeling to start among the schools that might start a revolution.

The Student Council is more important today than ever before when good citizenship and good government must be fostered.

If the students in Glenville High School are interested in preserving a democratic form of government in America, they should be glad they have an opportunity to live under that form of government while they are in high school. They should show themselves good citizens by working with the Student Council.

THE POST WAR CONDITIONS WILL BE DETERMINED BY THE AMERICAN YOUTH

If America is going to survive the present world crisis, it is going to be up to YOUTH.

America can—America MUST win this war, or else the world will not be a fit place in which to live. This war will test youth—test every straight-forward thinking citizen of the world—it is a war that involves every man, woman and child. It is a war that knows no combat zones, it recognizes no race, religion or politics. It involves YOU and YOU alone.

Whether America wins—or for the first time in her history loses—is up to youth as well as to the older groups. It makes no difference whether youth is called into service with the armed forces or not, because they who are at home are just as important cogs in the huge war machine, that we must mobilize and train, as anyone else. Fortunately the war has not struck as close to home as it may. We are a long way from victory and unless every person takes it upon himself to do his part to win, we will fail. It is the hope of every person that America will win and the democracies will survive, but we can't do that unless we roll up our sleeves, find our place, and get busy NOW.

Let each of us take stock of ourselves and then take a silent oath to our God and our country that "We are doing our bit" and that we are "not holding out on anyone."

HOW HARD ARE YOU WORKING?

Three weeks of school have come and gone; one-half of a six-weeks. Have you started to work yet? If you haven't, now is the time to start. You are used to your schedules by now and since the books have practically all come, lack of textbooks can no longer be used as an excuse for loafing.

In three more weeks your first grades will be given out. Will they be what you expect, or will the teacher get all the blame? You have reached the half-way mark. The work you all do from now on largely determines the grades you will get.

So start now, to prepare your lessons as they should be prepared and you won't have anything to worry about later.

LET'S WORK TOGETHER

Every year we hear a great deal about sportsmanship—sportsmanship in football and in basketball; sportsmanship of the team and of the students. We are proud of our sportsmanship on the athletic field.

But there is another sportsmanship in the school. One which has another name. Cooperation! Cooperation of the teachers and of the students, each seeing the other side and giving a fair deal.

We have been taught not to yell ugly names at the opposite team, so why say ugly, spiteful things about each other? And why be as opposite teams? LET'S ALL WORK TOGETHER!

College freshmen were entertained by the different church groups of Glenville the past Monday night. The Baptist, Methodist, and Presbyterian Churches sponsored the parties to promote a friendly relationship between the new students and them, and also to gain a greater interest in church activities. Students and church members were present at the three combined.

Mrs. Ethel Skidmore of Shreveport, La., is visiting at the home of her nephew, Jack Rader, a senior in the high school.

Ted Fultineer received severe lime burns at the Glenville-Calhoun game.

Grace Howard of Grantsville, spent the week-end at the home of Dr. and Mrs. Guy Stalnaker of Main Street.

Betty Gainer, a member of The Satellite staff, was absent from school the past Monday and Tuesday because of illness.

THRICE ☆ ☆ ☆ TOLD ☆ ☆ ☆ TALES

Congratulations to the three newly elected high school cheerleaders: Peggy June Adams, Betty Rose Hardman and Don Shreve.

Now as I look into my crystal ball, I see things which are very startling to both you and me.

What! . . . What do I see? Oh! yes, Marilyn Cain and Harvey Hupp sitting together in assembly . . . I also see Odis Dobbins and Herbie Collins with three young lassies . . . Oh! no it couldn't be, but it is. Ingrid leaving Glenville; "Doc" Brown looking pretty blue . . .

Why there's John Adams and Marianne Rhodes practicing cheer-leading. Yes! it really is Mary Lila Luzader being escorted from the Glenville-Calhoun football game by two G. S. T. C. boys . . . By the look on John Wagner's and Mary Sue Summers' faces, they both enjoy their partnership in chemistry.

Oh yes! Miriam and Karl are still keeping their deep friendship . . . Don Shreve is now rushing to the post office. I believe he's waiting for a letter from Florida.

Ah! I see Tony George escorting a certain girl to the Saturday show . . . Dick Fultineer looks bewildered as if the certain one has not come along.

JOHNNY
STUDENT
SAYS:

Wanted! One industrious boy or girl to collect ads for the Satellite.

This sounds like an easy way in which to kill another hour, but did you ever walk into a busy place of business and ask to see the manager, knowing as you ask that he doesn't have time to see you?

Knowing most of these men, one would think it would be easy to ask them to put an ad in the paper but—suddenly your stomach starts turning flip-flops and you are so tongue-tied that you say nothing which makes any sense. For once, you are able to read someone's mind. You know as plain as though the man had said these words, "How did she ever get to be a Senior?" After so long a time you make it clear to him that what you are trying to interest him in is an ad in your school paper, The Satellite. As he gives you the ad, you see he is wondering if this is worth a try. The Satellite staff will do its best to see that these merchants are not disappointed.

Wait! This ad-collecting seems all right. Think I'll answer that ad myself.

BOB WHITING, PEG ADAMS CHOSEN BY STUDENTS

Bob Whiting, a senior, was elected member-at-large of the Student Council by the student body at an election held September 18.

Both the high school and junior high school cheerleaders were elected at the same time. With the head high school cheerleader position being filled by Peggy June Adams, a sophomore. Her assistants are Betty Rose Hardman, a sophomore, and Don Shreve, a freshman.

The election was conducted by the Student Council.

Say, if there isn't Margy and Ronnie with Peggy June and Bob W. playing rook . . .

Yes, so it is Nell Reed looking at a picture of a young soldier named Jimmie. My, how she does keep the morale of the armed forces up!

Now the tales from the light in the crystal ball are getting dimmer . . . dimmer . . . dimmer . . . It has all faded away.

RED TERRORS BOW TO CALHOON ELEVEN 6-0

This Is the First Game Glenville Has Lost to Grantsville Since 1939.

The Glenville Red Terrors drove a strong Grantsville eleven all over the field Saturday but were unable to score, and came out on the short end of a 6 to 0 score.

Most of the game was fought between the teams' 30-yard lines. Glenville had the edge on first downs, passes completed and yards gained by scrimmage. Grantsville scored the only touchdown in the middle of the second quarter when George fumbled the ball and Waldo, Grantsville center, recovered in mid-air and galloped 45 yards for the touchdown. The try for the extra point failed.

This was Grantsville's first win over Glenville since 1939. The muddy field hampered the progress of both teams, with fumbles being frequent.

The lineups:

SPORTS NEWS AND VIEWS

By JACK RADER

The Red Terrors will travel to Richwood Saturday to meet the strong Nicholas eleven, coached by Ed Buck. It will be the fourth game for the local eleven, while at this time Richwood has played one, a 9-0 victory over Burnsville.

The torrid National League pennant race captures the fans' interest at present with football not yet in full swing. At this writing the red-hot Cardinals of St. Louis are still setting the pace by two and one-half games over Brooklyn's Dodgers who saw their apparent comfortable lead of seven and one-half games, which they held as late as August 5, shrivel to nothing about two weeks ago. The "wise boys" are now offering odds of 10 to 1 that the Red Birds cop the flag. Ticket reservations are now being accepted by the Cardinal front office so they seem sure of winning the pennant. The New York Yankees, who have already clinched their sixth pennant in the last seven years, although it took them ten more days to do it this year than last, are already going forward with their plans for the World Series.

Several important football games will be played this weekend. West Virginia will meet South Carolina, Marshall will face Kentucky Wesleyan, while Fairmont will meet West Virginia Tech.

In the national spotlight will be such games as Michigan-Michigan State, Army-Lafayette, Navy-Virginia, and Pitt-Ohio State.

Miss Lois McQuain of Troy, former teacher of Clay County, has joined the WAAC's. Miss McQuain is the aunt of Jessabel and Miriam McQuain, both high school students. She is the first woman from Gilmer County to join this organization.

"The real war will never get in the books."

AMERICAN RED CROSS QUOTA HAS BEEN FILLED

The Gilmer County Chapter of the American Red Cross has continued its sewing and knitting program through the summer months. Three containers of refugee garments have been shipped recently, and a large number of bathrobes for use in military hospitals are being made up as rapidly as possible.

About half of the chapter's quota of knitted articles for the army have been finished and will be sent to the Red Cross Depot at Sea Girt, New Jersey. This shipment will include 50 sweaters, 30 helmets, 20 pairs wristlets, 26 pairs socks and 20 cap-mufflers. Sweaters and helmets for the navy will be sent as soon as the quota is finished.

CHORAL CLUB WORKING ON HISTORICAL QUILT

The Boggs Choral Club is making an historical quilt to raise money to finish paying for the boys' robes.

The quilt will be made up of squares representing each civic organization in the community, with an emblem and the names of the members embroidered on them. Individual names will be put on for ten cents each.

Margy Jack and Anne Withers are making a square to be sent to President Roosevelt. On this square will be a flag of the United States.

If there is a School Fair this year, the quilt will be auctioned off to the highest bidder.

RED TERRORS TO PLAY RICHWOOD SATURDAY

The Glenville Red Terrors will journey to Nicholas County Saturday afternoon where they will meet a strong Richwood eleven coached by Ed Buck.

The Terrors will be out to get their first win over Richwood since 1939.

As the paper goes to press (Thursday) the Red Terrors have not won a game this season, having been defeated by Weston and Grantsville each by 6-0 scores. Richwood has won from Burnsville, the only game she has played this year.

**PLANS FOR WAR EFFORT
MADE BY G. H. S. STUDENTS**

The first Home Room program for the year was held September 24, in which students made plans whereby they could contribute to the war effort while carrying out their school social program.

The Student Council has suggested to both the students and the faculty that at each social function that is put on by a class or the school, a certain percentage of the money donated toward expenses be given toward the war effort.
