

Glenville High School Football

1930-1967

The following records and statistics were compiled by Robert Bonar and graciously made available to us. Robert has a couple of questions that he needs answered. If anyone can help him his email address is listed below.

1. When was Rohrbough Field equipped with lights? It still didn't have them by 1950.
2. The 1950 Glenville Democrat reported that GHS has just constructed a new Terror Field on Walnut Street adjacent to the Pine Manor Addition. The Democrat claimed that GHS would play on the new field, but it was just used for a practice field. I assume that this plot of land is the current location of GCHS. Does anyone remember anything about this field and why it wasn't used for games? If so, please contact me at the email address below, thank you!

The Red Terrors were to play a second game against Calhoun in 1944. No record of that game survives but GHS's season record shows they lost to someone that weekend. This loss is not included in GHS's series record with Calhoun.

The Glenville Democrat claimed GHS beat Calhoun on Sep. 23, 1955. However, this isn't possible since Calhoun beat Spencer on that date. This score is included in the 1955 schedule for accuracy, but the win does not count in the series record with Calhoun.
